The advantages to use Medesy-Oringer Cheek and Lip retractor:

- excellent view of the operated area;
- easy access to all parts of the dentition;
- easy insertion;
- one hand remains free to operate;
- easy suction process.

I vantaggi di usare il divaricatore Medesy-Oringer:

- eccellente veduta dell'oggetto dell'intervento;
- facile accesso a tutte le parti della dentizione;
- inserimento molto facile;
- rimane una mano libera per operare;
- accesso più facile per l'aspirazione.

Las ventajas de utilizar Medesy-Oringer retractor des mejillas y labios:

- vista excelente de la zona operada;
- acceso fácil a todas las partes de la dentición;
- fácil inserción;
- una mano libre para operar;
- proceso fácil de succión.

Les avantages d'utiliser Medesy-Oringer rétracteur des joues et des lèvres:

- excellente vue de la zone opérée;
- accès facile à toutes les parties de la dentition;
- facile insertion;
- une main reste libre de fonctionner;
- processus d'aspiration très facile.
